165.02 APPLICATION OF DISTRICT REGULATIONS. The regulations set by this chapter within each district shall be minimum regulations and shall apply uniformly to each class or kind of structure or land, and particularly, except as hereinafter provided:

1. No building, structure, or land shall hereafter be used or occupied, no building or structure or part thereof shall hereafter be erected, constructed, reconstructed, moved, or structurally altered except in conformity with all the regulations herein specified for the district in which it is located.

2. No part of a yard, or other open space, or off-street parking or loading space required about or in connection with any building for the purpose of complying with this chapter, shall be included as part of a yard, open space, or off-street parking or loading space similarly required for any other building.
3. No yard or lot existing as of the effective date of this chapter shall be reduced in dimension or area below the minimum requirements set forth herein. Yards or lots created after the effective date of this chapter shall meet at least the minimum requirements established by these zoning regulations.
4. Whenever the requirements of this chapter are at variance with the requirements of any other lawfully adopted rules, regulations, ordinances, deed restrictions, or covenants, the most restrictive or that imposing the higher standards shall govern.
5. All structures existing, as of the effective date of this chapter and which comply with the terms and conditions of this chapter, shall be considered lawful and be allowed to continue.

165.03 ESTABLISHMENT OF DISTRICTS; OFFICIAL ZONING MAP.

1. Official Zoning Map. The City shall be divided into districts, as shown on the Official Zoning Map which, together with all explanatory matter thereon, shall be adopted by ordinance.

The Official Zoning Map shall be identified by the signature of the Mayor, attested by the City Clerk, under the following words: "This is to certify that this is the Official Zoning Map referred to in Section 165.03 of the City Code of the City of Hubbard, Iowa." together with the date of adoption.

If, in accordance with the provisions of this chapter and Chapter 414, Code of Iowa, changes are made in district boundaries or other matter portrayed on the Official Zoning Map, such changes shall be entered on the Official Zoning Map promptly after the amendment has been approved by the City Council, with an entry on the Official Zoning Map as follows: "By official action of the City Council, the following changes were made to the Official Zoning Map." (Indicating the changes by ordinance numbers and date of publication.)

No amendment of these zoning regulations which involves matter portrayed on the Official Zoning Map shall become effective until after such change and entry has been made on said map.

2. Annexation of New Land. Any land annexed to the City after the effective date of this chapter shall be zoned [AG] Agricultural until the Planning and Zoning Commission and City Council shall have studied the area and adopted a final zoning plan for the area in accordance with this chapter.

3. Replacement of the Official Zoning Map. In the event that the Official Zoning Map becomes damaged, destroyed, lost or difficult to interpret because of the nature or number of changes and additions, the City Council may by ordinance adopt a new Official Zoning Map which shall supersede the prior Official Zoning Map. The new Official Zoning Map may correct drafting or other errors or omissions in the prior Official Zoning Map, but no such correction shall have the effect of amending the original Official Zoning Map or any subsequent amendment thereof.

The new Official Zoning Map shall be identified by the signature of the Mayor, attested by the City Clerk, and bearing the Seal of the City under the following words: “This is to certify that this Official Zoning Map supersedes and replaces the Official Zoning Map adopted as part of Ordinance No. _____ of the City of Hubbard, Iowa.”

NONCONFORMITIES

165.10 NONCONFORMITIES. Within the districts established by this chapter there exist:

1. lots,
2. structures,
3. uses of land and structures, and
4. characteristics of use,

which were lawful before these zoning regulations were adopted or amended, but which are prohibited, regulated, or restricted under the terms of this chapter or future amendments. It is the intent of this chapter to permit these nonconformities to continue until they are removed, but not to encourage their survival. Further nonconformities shall not be enlarged upon, expanded or extended, nor be used as grounds for adding other structures or uses prohibited elsewhere in the same district; however, it is the intent of this chapter to allow structures which were nonconforming under the previous ordinance, but which are conforming under this chapter to be considered legal as of the date of adoption of this chapter and shall be allowed to be rebuilt, added to, or modified within the terms and requirements of this chapter.

To avoid undue hardship, nothing in this chapter shall be deemed to require a change in the plans, construction or designated use of any building on which actual construction was lawfully begun prior to the effective date of adoption or amendment of this chapter and upon which actual building construction has been carried on diligently. Actual construction is hereby defined to include the placing of construction materials in permanent position and fastened in a permanent manner. Where excavation or demolition or removal of an existing building has been substantially begun preparatory to rebuilding, such excavation or demolition or removal shall be deemed to be actual construction, provided that work shall be carried on diligently.

165.11 NONCONFORMING LOTS OF RECORD. In any district in which single-family dwellings are permitted, a single-family dwelling and customary accessory buildings may be erected on any single lot of record at the effective date of adoption or amendment of this chapter, notwithstanding limitations imposed by other provisions of the chapter. This provision shall apply even though such lot fails to meet the requirements for area or width, or both, if the lot shall conform to the regulations for the district in which such lot

is located. Variance of yard requirements shall be obtained only through the action of the Board of Adjustment.

165.12 NONCONFORMING USES OF LAND (OR LAND WITH MINOR STRUCTURES ONLY). Where at the time of adoption of this chapter lawful use of land exists which would not be permitted by the regulations imposed by this chapter, and where such use involves no individual structure with a replacement cost exceeding one thousand dollars (\$1,000.00), the use may be continued so long as it remains otherwise lawful, provided:

1. No such nonconforming use shall be enlarged or increased, nor extended to occupy a greater area of land than was occupied at the effective date of adoption or amendment of this chapter.
2. No such nonconforming use shall be moved in whole or in part to any other portion of the lot or parcel occupied by such use at the effective date of adoption or amendment of this chapter.
3. If any such nonconforming use of land ceases for any reason for a period of one hundred eighty (180) days, then any subsequent use of such land shall conform to the regulations specified by this chapter for the district in which such land is located.
4. No additional structure not conforming to the requirements of this chapter shall be erected in connection with such nonconforming use of land.

165.13 NONCONFORMING STRUCTURES. Where a lawful structure exists at the effective date of adoption or amendment of this chapter that could not be built under the terms of these zoning regulations by reason of restrictions on area, lot coverage, height, yards, its location on the lot, or other requirements concerning the structure, such structure may be continued so long as it remains otherwise lawful, subject to the following provisions:

1. No such nonconforming structure may be enlarged or altered in such a way which increases its nonconformity, except by special exception of the Board of Adjustment, but any structure or portion thereof may be altered to decrease its nonconformity.
2. Should such nonconforming structure or nonconforming portion of structure be destroyed by any means to an extent of more than sixty (60) percent of its replacement value at time of destruction, it shall not be reconstructed, unless by special exception of the Board of Adjustment, in which case it shall be allowed only on the original perimeter. Such reconstruction shall be started within one (1) year of approval or, if less

than sixty (60) percent, within one (1) year of the damage or such structure shall lose said nonconforming status.

3. Should such structure be moved for any reason for any distance whatever, it shall thereafter conform to the regulations for the district in which it is located after it is moved.

165.14 NONCONFORMING USES OF STRUCTURES OR OF STRUCTURES AND LAND IN COMBINATION. If lawful use involving individual structures with a replacement cost of one thousand dollars (\$1,000.00) or more, or of structure and land in combination, exists at the effective date of adoption or amendment of this chapter, that would not be allowed in the district under the terms of these zoning regulations, the lawful use may be continued so long as it remains otherwise lawful, subject to the following provisions.

1. No existing structure which involves a nonconforming use shall be enlarged, extended, constructed, or reconstructed, except in changing the use of the structure to a use permitted in the district in which it is located or unless reconstructed by special exception of the Board of Adjustment.

2. Any nonconforming use may be extended throughout any parts of a building which were manifestly arranged or designed for such use at the time of adoption or amendment of this chapter, but no such use shall be extended to occupy any land outside such building.

3. If no structural alterations are made, any nonconforming use of a structure, or structure and land, may be changed to another nonconforming use provided that the proposed use is equally appropriate or more appropriate to the district than the existing nonconforming use.

4. Any structure, or structure and land in combination, in or on which a nonconforming use is superseded by a permitted use, shall thereafter conform to the regulations for the district, and the nonconforming use may not thereafter be resumed.

5. When a nonconforming use of a structure, or structure and land in combination, is discontinued or abandoned for twelve (12) consecutive months or for eighteen (18) months during any three (3) year period (except when government action impedes access to the premises) the structure, or structure and land in combination, shall not thereafter be used except in conformity with the regulations of the district in which it is located.

6. When nonconforming use status applies to a structure and land in combination, removal or destruction of the structure shall eliminate the nonconforming status of the land, unless reconstruction is allowed by special exception of the Board of Adjustment. Destruction for the purpose of this subsection is defined as damage to an extent of more than sixty (60) percent of the replacement value at time of destruction.

If damage to the structure is less than sixty (60) percent of its replacement value, reconstruction shall be completed within one (1) year of the date the damage occurred or said nonconforming status shall be eliminated.

165.15 REPAIRS AND MAINTENANCE. On any building devoted in whole or in part to any nonconforming use, work may be done on ordinary repairs, provided that the cubic content of the building as it existed at the time of adoption or amendment of this chapter shall not be increased.

165.16 USES UNDER SPECIAL EXCEPTION PROVISIONS NOT NONCONFORMING USES. Any use which is permitted as a special exception in a district under the terms of this chapter (other than a change through Board of Adjustment action from a nonconforming use to another use not generally permitted in the district) shall not be deemed a nonconforming use in such district, but shall without further action be considered a conforming use.

SUPPLEMENTARY DISTRICT REGULATIONS**165.40 SUPPLEMENTARY DISTRICT REGULATIONS.**

1. **Building Lines on Approved Plats.** Whenever the plat of a land subdivision approved by the Planning and Zoning Commission and on record in the office of the County Recorder shows a building line along any frontage for the purpose of creating a front yard or side street yard line, the building line thus shown shall apply along such frontage in place of any other yard line required in this chapter unless specific yard requirements in this chapter require a greater setback.
2. **Structures to Have Access.** Every building hereafter erected or moved shall be on a lot adjacent to a public or approved private street, or public open space, and all structures shall be located on lots as to provide safe and convenient access for servicing, fire protection, and required off-street parking.
4. **Adult Uses.** Adult uses shall not be permitted in any conservation, residential or manufactured housing district or within 370 feet of the exterior lot line of any residential, conservation, or manufactured housing zoned property or any library, private or public school or church, synagogue or mosque, or within 150 feet of the right-of-way of Maple Street between its intersection with Wisconsin Street and its intersection with Victor Street.
5. **Satellite Dishes.** Satellite dishes less than two (2) meters in diameter are not regulated by this chapter. Satellite dishes larger than two (2) meters in diameter shall be allowed in all districts except in front yards. The placement of such satellite dish antennas, either permanent or temporary, shall be treated as accessory structures. When such dish is attached to a main building or other structure, the owner must adhere to the Uniform Building Code. No satellite dish shall exceed a diameter of twelve (12) feet except for commercial use.
6. **Fences.** A fence or hedge not more than thirty (30) percent solid or more than three (3) feet high, measured at the curb line at the intersection of the streets abutting the corner lot, may be erected in a front yard. Fences or hedges up to four (4) feet high above grade may be located on any remaining part of a lot. Fences or hedges up to six (6) feet high above grade may be erected in the rear yard, except in LI and HI districts fences may be eight (8) feet above grade. The finished side of all fences shall face the adjacent property line. Further, all fences

shall be constructed of normal materials common to fence construction. Fence materials shall not be allowed to include corrugated sheet metal or any salvage material.

7. Height Limits. Chimneys, church steeples, cooling towers, elevator bulkheads, fire towers, monuments, stacks, stage towers or scenery lofts, tank, water towers, ornamental towers, spires, wireless tower, grain elevators, or necessary mechanical appurtenances are exempt from the district height regulations.

8. Projections. Sills, belt courses, cornices, over hangs, and ornamental features may project only twenty-four (24) inches into a required yard.

9. Fire Exits and Chimneys. Open fire escapes, fireproof outside stairways and balconies opening upon fire towers, and the ordinary projections of chimneys and flues into a rear yard for a distance of not more than three and one-half (3½) feet when so placed as not to obstruct light and ventilation, may be permitted by the Zoning Administrator.

10. Service Lines. Nothing in this chapter shall have the effect of prohibiting utility service lines.

11. Parking Spaces. All vehicular parking spaces located in required front yards shall be a minimum of ten (10) feet in width and be surfaced with gravel, concrete, or asphalt.

12. Yards and Visibility. On a corner lot in any district, nothing shall be erected, placed, planted or allowed to grow in such a manner as materially to impede vision between a height of three (3) and ten (10) feet above the centerline grades of the intersecting streets in the area bounded by the street lines of such corner lots and a line joining points along said street lines twenty-five (25) feet from the point of the intersection (see Diagram on following page).

13. Cellular Towers. Any structure that is used or intended to be used to send or receive communications for a commercial purpose shall be allowed only by special exception of the Board of Adjustment, but in no case shall such tower be allowed in any residential district. Further, all towers shall be directly affixed to the ground. The above rules shall not apply, however, to any publicly owned building or land. In granting said special exceptions, the Board of Adjustment shall first consider all possible co-location opportunities.

ADMINISTRATION

165.50 ADMINISTRATOR APPOINTED. A Zoning Administrator designated by the City Council shall administer and enforce these zoning regulations. The administrator may be provided with the assistance of such other persons as the City Council may direct.

165.51 BUILDING PERMIT REQUIRED. No building or other structure shall be erected, moved, or added to, without a building permit therefore issued by the Zoning Administrator. However, reconstruction of exterior walls shall be allowed without said permit. No permit shall be issued except in conformity with the provisions of this chapter, except after written order from the Board of Adjustment. Fees for building permits shall be as provided by City resolution. Permits shall be applied for at the office of the City Clerk and shall expire two (2) years after the date of issuance if work is begun within one hundred eighty (180) days of issuance or after one hundred eighty (180) days if no substantial beginning of construction has occurred. Extensions of time may be granted in writing by the Zoning Administrator for good cause. At the direction of the Zoning Administrator, a survey may be required if the lot lines are unable to be reasonably determined. Sign permits shall be granted based upon review of appropriateness based upon lot frontage, structure type and sign type, or any other characteristics in order to insure safety and compatibility of the sign with the site and building.

Each application for a building permit shall be accompanied by a plan in duplicate drawn to scale, showing the actual dimensions of the lot to be built upon, the size, shape and location of the building to be erected, and such other information as may be necessary to provide for the enforcement of this chapter. A record of application and plats shall be kept in the office of the Zoning Administrator.

165.52 ZONING DISTRICT MAP. It shall be the responsibility of the Zoning Administrator to update the Zoning District Map.

BOARD OF ADJUSTMENT**165.60 BOARD OF ADJUSTMENT; ESTABLISHMENT AND PROCEDURE.**

1. Board Created. A Board of Adjustment is hereby established and shall hereinafter at times be referred to as the "Board," which Board shall consist of five (5) members serving without compensation appointed by the City Council. Vacancies shall be filled for the unexpired term of any member whose term becomes vacant.

A majority of the members of the Board of Adjustment shall be persons representing the public at large and shall not be involved in the business of purchasing or selling of real estate. Members shall be appointed for overlapping terms of five (5) years.

2. Proceedings of the Board of Adjustment. The Board of Adjustment shall adopt rules necessary to the conduct of its affairs and in keeping with the provisions of this chapter. Meetings shall be held at the call of the Chairperson and at such other time as the Board may determine. The Chairperson, or the City Attorney, may administer oaths and compel the attendance of witnesses. All meetings shall be open to the public.

The Board of Adjustment shall, through its Secretary, keep minutes of its proceedings, showing the vote of each member upon each question or if absent or failing to vote indicating such fact, and shall keep records of its examinations and other official actions, all of which shall be immediately filed in the office of the Board and shall be a public record. Said action shall take effect upon the Board receiving sufficient confirmation of the recording in the office of the County Recorder. A copy of said action shall also be filed in the office of the Zoning Administrator.

165.61 BOARD OF ADJUSTMENT; POWERS AND DUTIES. The Board of Adjustment shall have the following powers and duties:

1. Administrative Review. To hear and decide appeals where it is alleged there is an error in any order, requirement, decision, or determination made by the Zoning Administrator in the enforcement of these zoning regulations.

A. Appeals to the Board may be taken by any person aggrieved, or by any officer, department, board or bureau of the City of Hubbard affected by any decision of the administrative

officer. Such appeal shall be taken within ten (10) days by filing with the Zoning Administrator and with the Board a notice of appeal specifying the grounds thereof. The Zoning Administrator shall forthwith transmit to the Board all papers constituting the record upon which the action appealed from is taken.

B. The Board shall fix a reasonable time for the hearing of the appeal, and give not less than seven (7) days nor more than twenty (20) days public notice in a paper of general circulation in the City, thereof, and decide the same within thirty (30) days of the hearing. At said hearing, any party may appear in person, by agent or by attorney.

C. An appeal stays all proceedings in furtherance of the action appealed from, unless the Zoning Administrator from whom the appeal is taken certifies to the Board of Adjustment after the Notice of Appeal is filed with the Administrator, that by reason of facts stated in the certificate, a stay would, in the Administrator's opinion, cause imminent peril to life or property. In such case proceedings shall not be stayed other than by a restraining order which may be granted by the Board of Adjustment or by a court of record on application, on notice to the Zoning Administrator from whom the appeal is taken and on due cause shown.

2. Special Exceptions: Conditions Governing Applications; Procedures. To hear and decide only such special exceptions as the Board of Adjustment is specifically authorized to pass on by the terms of these zoning regulations; to decide such questions as are involved in determining whether special exceptions should be granted; and to grant special exceptions with such conditions and safeguards as are appropriate under this chapter, or to deny special exceptions when not in harmony with the purpose and intent of this chapter. A special exception shall not be granted by the Board of Adjustment unless and until:

A. A written application for a special exception is submitted indicating the section of this chapter under which the special exception is sought and stating the grounds on which it is requested.

B. The Board shall fix a reasonable time for the hearing of the special exception, and give not less than seven (7) days nor more than twenty (20) days public notice in a paper of general circulation in the City, thereof, and decide the same within thirty (30) days of the hearing.

C. The public hearing shall be held. Any party may appear in person, or by agent or attorney.

D. The Board of Adjustment shall make a finding that it is empowered under the section of this chapter described in the application to grant the special exception, and that the granting of the special exception will not adversely affect the public interest. The granting of a special exception shall run with the owner and not with the land.

E. A special exception approval shall lapse and become void two (2) years following the date of approval unless prior to expiration a building permit is issued and construction is commenced and diligently pursued or the site is occupied if no building permit is required.

F. Certain uses may be permitted by a Temporary Use Exception Permit. Allowable temporary uses include carnivals, circuses and festivals. Permits for such uses are valid for no more than ten (10) days. Issuance of such a permit is subject to review and approval of an application submitted to the Board of Adjustment. In determining whether a Temporary Use Exception Permit shall be granted, the Board of Adjustment shall give consideration to the health, safety, morals, and comfort of area residents, any adverse impact on land uses, possibility of traffic congestion, harm to public roads, erosion of adjacent property and threat to any source of water supply. Conditions and restrictions as determined necessary to protect the public health, safety, morals, and comfort may be attached to the permit.

3. Variance, Conditions Governing Application; Procedures. To authorize upon appeal in specific cases such variance from the terms of this chapter as will not be contrary to the public interest, where, owing to special conditions, a literal enforcement of the provisions of this chapter would result in unnecessary hardship. A variance from the terms of this chapter shall not be granted by the Board of Adjustment unless and until:

A. A written application for a variance is submitted demonstrating:

(1) That special conditions and circumstances exist which are peculiar to land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same district.

(2) That literal interpretation of the provisions of this chapter would deprive the applicant of rights commonly enjoyed by other properties in the same district under the terms of this chapter.

(3) That special conditions and circumstances do not result from the actions of the applicant.

(4) That granting the variance requested will not confer on the applicant any special privilege that is denied by this chapter to other lands, structures, or buildings in the same district.

No nonconforming use of neighboring lands, structures, or buildings in the same district, and no permitted or nonconforming use of land, structures, or buildings in other districts may be considered grounds for the issuance of a variance.

B. The Board shall fix a reasonable time for the hearing of the variance, and give not less than seven (7) days nor more than twenty (20) days public notice in a paper of general circulation in the City, thereof, and decide the same within thirty (30) days of the hearing.

C. The public hearing shall be held. Any party may appear in person, or by agent or by attorney.

D. The Board of Adjustment shall make findings that requirements of this subsection have been met by the applicant for a variance.

E. The Board of Adjustment shall further make a finding that the reasons set forth in the application justify the granting of the variance, and that the variance is the minimum variance that will make possible the reasonable use of the land, building, or structure.

F. The Board of Adjustment shall further make a finding that the granting of the variance will be in harmony with the general purpose and intent of this chapter, and will not be injurious to the neighborhood, or otherwise detrimental to the public welfare.

In granting any variance, the Board of Adjustment may prescribe appropriate conditions and safeguards in conformity with this chapter. Violation of such conditions and safeguards, when made a part of the terms under which the variance is granted, shall be

deemed a violation of these zoning regulations and punishable under this chapter.

Under no circumstances shall the Board of Adjustment grant a variance to allow a use not permissible under the terms of this chapter in the district involved or any use expressly or by implication prohibited by the terms of this chapter in said district.

G. The City Council may provide for its review of variances granted by the Board of Adjustment before their effective date. The City Council may remand a decision to grant a variance to the Board of Adjustment for further study. The effective date of the variance is delayed for thirty (30) days from the date of the remand. Such remand shall occur within thirty (30) days of the Board of Adjustment decision.

4. The concurring vote of three (3) members of the Board shall be necessary to reverse any order, requirement, decision, or determination of the Zoning Administrator, or to decide in favor of the applicant on any matter upon which it is required to pass under this chapter, or to effect any variation in the application of this chapter.

5. Any variance granted is subject to any existing easements.

165.62 APPEALS FROM THE BOARD OF ADJUSTMENT. Any person or persons, or any board, taxpayer, department, board or bureau of the City, or other areas subject to this chapter aggrieved by any decision of the Board of Adjustment may seek review by a court of record of such decision, in the manner provided by the laws of the State and particularly by Chapter 414, Code of Iowa.

o o o o o o o o o o

ENFORCEMENT AND AMENDMENTS

165.70 PROCEDURE FOR INTERPRETATION. All questions of interpretation and enforcement shall be first presented to the Zoning Administrator, or that person's assistant. Such questions shall be presented to the Board of Adjustment only on appeal from the decision of the Zoning Administrator, and recourse from the decisions of the Board of Adjustment shall be to the courts as provided by law and particularly by Chapter 414, Code of Iowa.

165.71 AMENDMENTS. The regulations, restrictions, and boundaries may, from time to time, be amended, supplemented, changed, modified, or repealed, provided that at least seven (7) days' notice of the time and place of such hearing shall be published in a paper of general circulation in the City. In no case shall the notice be published more than twenty (20) days prior to the hearing.

The regulations, restrictions, and boundaries may, from time to time, be amended, supplemented, changed, modified, or repealed. Notwithstanding Section 414.2, as a part of an ordinance changing land from one zoning district to another zoning district or an ordinance approving a site development plan, the Council may impose conditions on a property owner which are in addition to existing regulations if the additional conditions have been agreed to in writing by the property owner before the public hearing required under this section or any adjournment of the hearing. The conditions must be reasonable and imposed to satisfy public needs which are directly caused by the requested change. In case, however, of a written protest against a change or repeal which is filed with the City Clerk and signed by the owners of twenty (20) percent or more of the area of the lots included in the proposed change or repeal, or by the owners of twenty (20) percent or more of the property which is located within two hundred (200) feet of the exterior boundaries of the property for which the change or repeal is proposed, the change or repeal shall not become effective except by the favorable vote of at least three-fourths ($\frac{3}{4}$) of all the members of the Council. The protest, if filed, must be filed before or at the public hearing. Any amendment to these zoning regulations shall be recorded in the office of the County Recorder. Further, a favorable vote of at least three-fourths ($\frac{3}{4}$) of all members of the Council is required to override a recommendation of the Planning and Zoning Commission.

165.72 VIOLATION. Failure to comply with the provisions of this chapter or with any of its requirements (including violations of conditions and

safeguards established in connection with grants of variances or special exceptions) shall constitute a violation of this chapter. Each day such violation continues shall be considered a separate offense. Nothing herein contained shall prevent the City from taking such other legal action as is necessary to prevent any violation.

165.73 SCHEDULE OF FEES, CHARGES, AND EXPENSES. The City Council shall establish a schedule of fees, charges, and expenses and a collection procedure for zoning district changes, Certificates of Zoning Compliance, appeals, and other matters pertaining to this chapter. The schedule of fees shall be posted in the office of the Zoning Administrator, and the City Clerk, and may be altered or amended only by the City Council. Until all applicable fees, charges, and expenses have been paid in full, no action shall be taken on any application or appeal.

165.74 COMPLAINTS REGARDING VIOLATIONS. Whenever a violation of this chapter occurs, or is alleged to have occurred, any person may file a written complaint. Such complaint, stating fully the causes and basis thereof, shall be filed with the Zoning Administrator. The Administrator shall record properly such complaint, immediately investigate, and take action thereon as provided by this chapter, the Hubbard Municipal Code, or State law.
